Level 1 Suturing

5 Days

Online / Hands-On

Level 2 Suturing

3 Days

Onsite / Hands-On

MasterCourse

Master of Laparoscopic Surgery in Gynecology

9 Seasons

Online / Clinical Attachment

Master of Hysteroscopic Surgery in Gynecology

8 Seasons

Online / Clinical Attachment

Master in Science of Anatomical Landmarks

4 Seasons

Online / Clinical Attachment

Master in Surgical Management of Deep Endometriosis

7 Seasons

Online / Clinical Attachment

Master of Transversal Competences for Advanced Gyn Laparoscopic Surgeons

6 Seasons

Online / Clinical Attachment

Certification

(www.gesea.eu)

Level 1

Bachelor in Endoscopy Certificate

Level 2

GESEA Level 2 MIGS Certificate

Level 3

TBC

Value of Certification for the Surgeon:

- Recognized proof of competency on specific procedures, and increase the predictability of your work.
- It extends your privileges and broadens your knowledge & skills in performing surgeries.
- It facilitates the renewal of professional licenses.
- Overall, being certified increases your value of being a laparoscopic surgeon and gives you a competitive advantage.

At MIS Academy, our Bachelor and Master Certifications are aligned with the European Society for Gynecological Endoscopy. Adhering to the highest standards of education and training in the OBS-GYN field.

Certification Prerequisites

Level 1

All participants must have completed the online e-learning modules. Provide the "Certificate of Completion" at the time you registered for the Level 1 certification exam or during the day of exam.

Optionally, you can take a short course (Level 1 Online Suturing) to help you prepare for the certification Level 1 - **Bachelor in Endoscopy**.

Level 2

First, acquire the Level 1 - **Bachelor in Endoscopy Certification**. You must present your certificate as proof that you have passed the Level 1 (Bachelor) at the time you registered for the Level 2 certification exam.

(The level 2 online e-learning modules must be accomplished along with certificate of completion.)

In addition to the online e-learning, we offer you a **Master in Laparoscopy and Hysteroscopy** to give you more opportunity to succeed on the level 2 certification.

Bypass Option: (<https://gesea.eu/pathways/migs#level-2>)

If you have carried out more than 200 endoscopic interventions as first surgeon, you can apply for a bypass to omit the Level 1 - Bachelor certification. Note that the tutorials on the Level 1 must be completed prior to receiving the access to the Level 2- MIGS tutorials.

Level 3

<p>Level 1 Suturing</p> <p>5 Days Online / Hands-On</p>  <p>This course Includes</p> <p>The E-Knot Pelvic Trainer</p> <p>Needle Holder is optional</p> <p>★ One of the most critical and difficult acts in laparoscopic surgery is the knot-tying and suturing techniques. The knots performed laparoscopically must be as safe as the ones performed traditionally.</p>	<p>Level 2 Suturing</p> <p>2 Days Onsite / Hands-On</p>  <p>★ Over the 2 levels of suturing course (BASIC & ADVANCED), this course will provide a comprehensive overview of the different techniques of suturing including intra and extra corporal knots and provide you with practical tips to improve your skills.</p>	<p>Master in Surgical Management of Deep Endometriosis</p> <p>7 Seasons Online / Clinical Attachment</p>  <p>★ Series of 7 seasons on managing endometriosis from diagnosis, counseling, treatment and prevention. This master course will be over 3 Months of extensive hybrid and rapid progression of sessions including lectures, Q&A and live surgeries with clinical attachment ensuring full coverage on tackling patients with endometriosis.</p>	<p>Master in Science of Anatomical Landmarks</p> <p>4 Seasons Online / Clinical Attachment</p>  <p>★ Know the anatomy, use the anatomy and don't lose the anatomy is the golden rule in any surgical journey, specifically in laparoscopic surgery as the vision is augmented and anatomical landmarks are better seen. Thus the science of the landmarks is the compass for the anatomical navigations.</p>	<p>Master of Laparoscopic Surgery in Gynecology</p> <p>9 Seasons Online / Clinical Attachment</p>  <p>★ Minimally invasive surgery covers almost all the indication in gynecology today. To obtain the full benefits of minimal approach, the surgeon must master all the basics of laparoscopy.</p> <p>During the 9 seasons, all aspects of laparoscopy will be presented in detail with live interactive sessions and live surgery where the different problems will be explained with clear example.</p>	<p>Master of Hyteroscopic Surgery in Gynecology</p> <p>8 Seasons Online / Clinical Attachment</p>  <p>★ Modern Hysteroscopy is becoming a routine procedure in daily Gynaecological and infertility practise.</p> <p>The Era of blind procedures should be stopped and the combined Ultrasonographic and hysteroscopic approach offers a new world to the gynaecologists to deal with abnormal uterine bleeding disorders and to examine the uterine organ for its reproductive capacity.</p>	<p>Hysterectomy Week (Workshops)</p> <p>5 Days Onsite / Hands-On</p>  <p>★ Hysterectomy, the removal of the uterus, is the second most common major operation among women after caesarean section. Despite Minimally Invasive Surgery's advantages, OB/GYNs have lagged behind other fields in adopting this approach. There is a great need for scientifically-validated, advanced surgical training that will assist practicing OB/GYNs in shifting surgical skills from the "open" hysterectomy approach to the laparoscopic approach, as well as train residents and fellows in the latest techniques for laparoscopic hysterectomy.</p>

<p></p> <p>ENDOMETRIOSIS CONSENSUS</p> <p> TO BE ANNOUNCED SOON!</p> <p> TBC</p> <p> www.endoconsensus.com</p> <p>★ Endometriosis Consensus aims to give an answer to the controversial issues on the subject presented.</p> <p>It intends to have a precise consensus statement drafted before the conference and finalized thereafter, where suggestions to adapt guidelines are open for discussion.</p> <p>This congress will also serve as a formal publication of the synthesis gathered all throughout the meeting.</p> <p>A JOINT PROJECT OF  </p>	<p></p> <p>TO BE ANNOUNCED SOON!</p> <p> TO BE ANNOUNCED SOON!</p> <p> TBC</p> <p> www.pregnancy-summit.com</p> <p>★ The Latifa Hospital Pregnancy Summit, in its 2nd edition, is a 3-day International Scientific Meeting that features speakers from all around the world.</p> <p>These well-renowned faculties will gather in Dubai to address a variety of topics that pertain to the care of women with low-risk and high-risk pregnancy.</p> <p>PROJECT OF:  ACCREDITED BY: </p>	<p>ENDO DUBAI 9TH EDITION</p> <p> FEBRUARY 2024 23 • 24 • 25</p> <p> TBC</p> <p> www.endodubai.com</p> <p>★ ENDO Dubai is a leading scientific event in the field of gynecological surgery, endorsed by the Dubai Health Authority and Shaikh Hamdan Award for Medical Sciences.</p> <p>The Congress welcomes more than 980 gynecologists, general surgeons, endocrinologists, internal medicine practitioners as well as health administrators and legislators from around the world during 3 days.</p> <p>PROJECT OF:  ACCREDITED BY: </p>	<p>WINNERS MEETING 2023</p> <p></p> <p> JUNE 2023 15 • 16 • 17</p> <p> SH VALENCIA HOTEL VALENCIA, SPAIN</p> <p> www.winnersmeeting.com</p> <p>★ The winners project was initially founded by Prof. Arnaud Wattiez. It was established in conjunction with his clinical fellows with the concept of creating a platform where high quality endoscopic training and education could be freely accessible to all, on both a national and international scale.</p> <p>The annual winners meeting developed as a natural progression in a bid to create a unique meeting far removed from the classic congress models. The concept was to bring together young people with a common interest in minimal access surgery where ideas could be exchanged and experiences shared whilst at the same time establishing strong foundations for the next generation of endoscopists.</p>
