### Value of Certification for the Surgeon:

- Recognized proof of competency on specific procedures, and increase the predictability of your work.
- It extends your privileges and broadens your knowledge & skills in performing surgeries.
- It facilitates the renewal of professional licenses.
- Overall, being certified increases your value of being a laparoscopic surgeon and gives you a competitive advantage.
- At MIS Academy, our Bachelor and Master Certifications are aligned with the European Society for Gynecological Endoscopy. Adhering to the highest standards of education and training in the OBS-GYN field.

## Certification Prerequisites

### Level 1

All participants must have completed the online Winners e-learning (**WEBSURG**). Provide the "Certificate of Completion" at the time you registered for the Level 1 certification exam or during the day of exam.

Optionally, you can take a short course (Basic Online Suturing) to help you prepare for the certification Level 1 - **Bachelor in Endoscopy**.

### Level 2

First, acquire the Level 1 - **Bachelor in Endoscopy Certification**. You must present your certificate as proof that you have passed the Level 1 (Bachelor) at the time you registered for the Level 2 certification exam.

The Level 2 Winners e-learning (WEBSURG) must be accomplished.

In addition to the online e-learning, we offer you a **Master in Laparoscopy and Hysteroscopy** to give you more opportunity to succeed on the level 2 certification.

#### Bypass Option:

If you have carried out more than 200 endoscopic interventions as first surgeon, you can apply for a bypass to omit the Level 1 - Bachelor certification. Note that the tutorials on the Level 1 must be completed prior to receiving the access to the Level 2- MIGS tutorials.
