**Mar 26th, 2020**  
**Mar 27th, 2020**

*Latifa Women &  
Children Hospital,  
Dubai UAE*

**One of the most critical and difficult acts in laparoscopic surgery is the knot-tying and suturing techniques. The knots performed laparoscopically must be as safe as the ones performed traditionally.**

Over the course of two days, the faculty will give a comprehensive overview of the different techniques of suturing including intra and extra corporal knots and provide you with practical tips to improve your skills.

With 40% theory and 60% practice, this master class will give you the opportunity to put knowledge into practice and increase your mastery of suturing techniques.

**TARGETS :**

- ✓ Review and practice the fundamental concepts and theories of Stitching
- ✓ Review and practice the principles and techniques of Knotting
- ✓ Explore the clinical applications of suturing in gynecology
- ✓ Learn how to face the difficulties of surgery

**RESULTS :**

- ➔ Prepare for certification in Suturing skills (SUTT1 and SUTT2)
